Petition for Rule Making  
FM Channel 288A  
Trinity, Texas  
June 2, 2003

**Attachment A**

Request to Reclassify  
Station KYKS(FM), Lufkin, Texas  
Pursuant to MM Docket 98-93

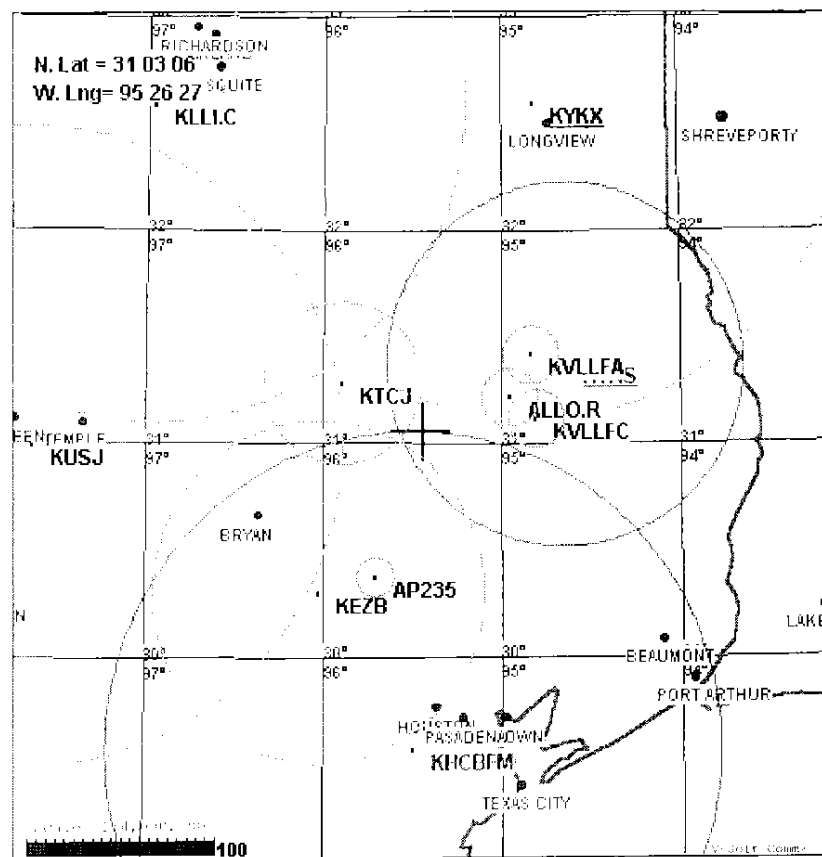

Radio Station KYKS(FM), Lufkin, Texas is licensed to Capstar TX Limited Partnership, 2625 S. Memorial Drive, Suite A, Tulsa, Oklahoma 74129, (Facility ID 25582), FCC File No. BLH 19900827KA. The facility operates with a power of 100 kilowatts with center of radiation 325 meters height above average terrain. The above captioned Docket 98-93 provides the mechanism to automatically downgrade a Class C facility to Class C0 when a demand is made for the spectrum, as is the case here. Charles Crawford respectfully requests that the license of Radio Station KYKS(FM) be modified to specify operation on FM Channel 286C0 instead of on FM Channel 286C in accordance with the above Docket which provides for such downgrades when a demand for the unused spectrum is made, as is the case here.

Charles Crawford, the proponent of Channel 288A at Trinity, Texas, in accordance with the above Docket, formally requests that the Commission reclassify Radio Station KYKS(FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at Trinity, Texas as is proposed in the Petition for Rule Making. A copy of this Petition for Rule Making is being served on Capstar TX Limited Partnership, as is required in the above Docket.

  
Charles Crawford
